IMPORTANT INFORMATION

By completing and submitting this Request to Cease Contributions you are notifying MinRes and the Plan Trustee that you wish to cease your salary contribution payments under our Employee Share Scheme MyShare.

If you elect to cease contributions to MyShare:

- Your request to cease contributions will be actioned as soon as your completed form is processed (note that this may not be before the next payroll deduction if there is insufficient time allowed)
- Your contributions made to date that have not been used to purchase shares will be refunded to you via payroll (as salary that is subject to PAYG withholding)
- Your Acquired Shares will continue to be held in the plan and in the Employee Share Trust, for the remainder of the Holding Period. Your entitlement to receive your Matched Shares at the end of the Holding Period remains unchanged as long as you are still employed by a MinRes Group Company at that time
- Should you wish to re-join MyShare, you can do so during an enrolment period, typically May or November each year
- By completing and submitting this Request to Cease Contributions you confirm to the Company that you are not in possession of any material information that may affect the price or value of MinRes shares that is not generally available. If you are in possession of any such information, you should not elect to discontinue your salary sacrifice arrangement at this time.

AUTHORISATION

I hereby authorise MinRes to cease my contributions to MyShare and remit any contribution balance to my nominated bank account (where applicable).
